17th March 2017

Dear Parent/Carer

This week has been packed with music, reading, Mathematics and science activities. Our violin assembly was a real success, as was the Maths Workshops that have taken place on Thursday and Friday. Thank you to all everyone who came to support the EYFS Share Session this afternoon. It is always a pleasure to welcome parents into school to see the exciting learning that is happening and to share those experiences.

We look forward to seeing you next week for parents' evening.

*Jane Sendall,
Headteacher*

Violin Assembly

During the Year Five assembly this week, we were treated to a fantastic violin performance. Karolina and Elizabeth started us off with a beautiful duet. Then the violinist group played a rendition of 'Tiptoe, Boo!' They all played brilliantly and were conducted by the school's violin teacher. We thoroughly enjoyed the performance!

**COMIC
RELIEF**

Friday the 24th of March is Red Nose Day! To get involved and raise some money for Comic Relief, we are inviting all children to come to school in their pyjamas! All we ask for is a £1 donation, which will be collected and sent off to support Comic Relief. On this day, we are also holding a 'Spot the Teacher' competition, where children can pay 10p to look at baby photos of the teachers, and guess who they are. There will be a prize for the winner! Children can wear school shoes and trainers, but no slippers, please

Reading Buddies

This week saw the launch of our weekly Reading Buddy adventure, where our Year One and Year five children were paired up with each other to share their love of reading! It was fantastic to see the older children supporting the younger children with their reading, discussing the pictures and teaching them new vocabulary. We look forward to rolling out Reading Buddies across the whole school, in the Summer term.

Science Week

This week, we have been celebrating British Science Week across the school. After launching this year's theme of 'change' in assembly on Tuesday, the children have been exploring, experimenting and investigating different types of scientific change. It has been wonderful to see the children so engaged in the world around them! Happy Science Week!

Remember that it is that time again when Sainsbury's are issuing their vouchers. At Place Farm we are collecting the vouchers to put towards a variety of sporting and cookery equipment. Your support with this is greatly appreciated.

Calendar
