18th April 2016

Dear Parent/Carer

Welcome back! Our pupils have had a great start to the term and have made a fantastic return to school.

This Friday we will be hosting a special fund raiser for Cancer Research UK. We are inviting pupils to attend in their Scout or Guide Uniform to mark St Georges Day. For other students they can come wearing something purple in return for a £1 donation. It will be wonderful to see our children taking part.

I was very proud this week to show some visitors around our academy. They told me afterwards how much they enjoyed meeting with our pupils and seeing them learn!

Jane Sendall
Head of School

Purple Day for Cancer Research

Next Friday (22nd April) is the closest school day to St. Georges Day. Since St. George is the Patron Saint of England, as part of our emphasis on British Values, all children involved in Scouting or Guiding are invited to wear their Scout/Guide uniforms to school. This could be Rainbows, Beavers, Brownies, Cubs, Guides or Scouts and it would further demonstrate our community links within Place Farm Academy.

On the same day, we are also hosting our 'wear something purple day' to raise money for the Cancer Research UK Relay For Life. Please note this is not a non school uniform day, but children can just wear something purple e.g. a head band, purple socks, a purple tie etc. In return we would like them to make a suggested voluntary donation of £1.

Upcoming Dates

22nd April Purple Clothes Day for
Cancer Research UK

Friends of Place Farm AGM

The Friends of Place Farm have their Annual General Meeting on Monday 9th May at 2pm. All are invited and it would be wonderful to get your input on the vital work they do.

Lunch Time Equipment

This term we have lots of new equipment for the children to use at lunch times. Each day there is a different theme, with different suggestions on what the equipment can be used for! Pupils have really taken to this new system and seem to be making the most of the equipment. The picture below is from "Throw it Thursday". Can you find out which day is your child's favourite?
